equipment (if applicable) MEWP, Rig

height (m) (if applicable) 6m

Certificate Number

31450

Expires on

30 April 2021

This certificate is NOT proof of competence. An operative is still considered a TRAINEE until they have completed the level 2 NVQ in safety net rigging. Trainees should work under the supervision of a blue carded rigger.

*Note: In line with BS8454, this is a record of equipment used by the training provider on the day of the course. Riggers should evidence competence in the use of access equipment.

To check the validity of this certificate, call FASET on 01948 780652
